There is one more photograph that is included in the show: a very special print of *Nude in Tall Grasses* that Edna inscribed and gave to the colorful Big Sur artist/publisher/promoter Emil White in 1989 for his 88th birthday. Twenty years ago, this photograph mysteriously appeared at a yard sale in north Monterey County. Journalist Joe Livernois bought the print and a few months ago was inspired to probe the mystery of it which had long haunted him. As a result of his investigations, he has written a fascinating tale that weaves together the threads of the photograph, Emil, Edna, the rest of the Bullock family, and a colorful slice of Big Sur history.

Joe has generously donated this print in support of a campaign to raise funds for UC Santa Cruz's acquisition of the Bullock Family Photography Archive. This beautiful historic photo is for sale in the gallery for \$5,000 and will be accompanied by a copy of Joe's article.
